

Knowledge Organiser - Science - Animals including humans - Life cycles - Key Stage 1 - Summer 1 2025

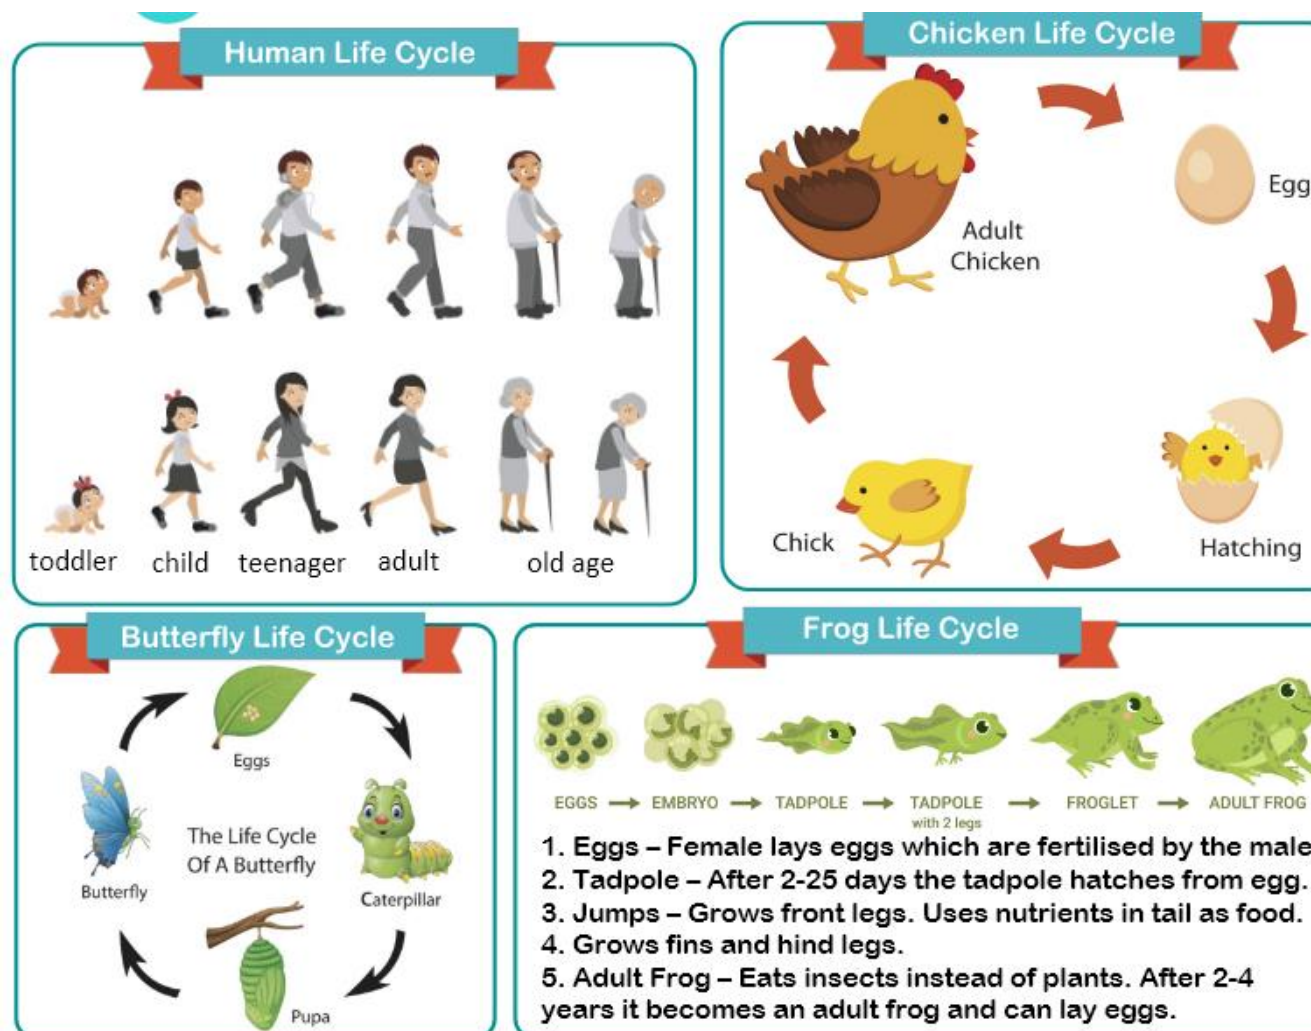

Careers connected to human's life cycle:
midwife, medical receptionist, radiologist

What I already know

- I have explored the natural world around them, making observations and drawing pictures of animals and plants
- I have described my immediate environment using knowledge from observation, discussion, stories, non-fiction texts and maps
- I have learnt that animals are living things
- I have learnt about some animals and their babies

Sticky Learning

Core Learning

1. Learn how to order the stages of the human life cycle

2. Describe the stages of life from adulthood to old age

3. Learn how to match offspring to their parent

4. Explore the life cycle of a chicken

5. Describe the life cycle of a butterfly

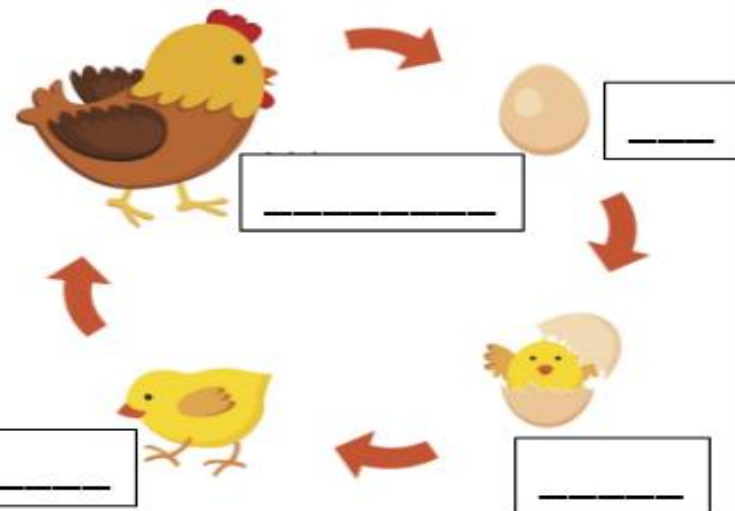

6. Explore the life cycle of a frog

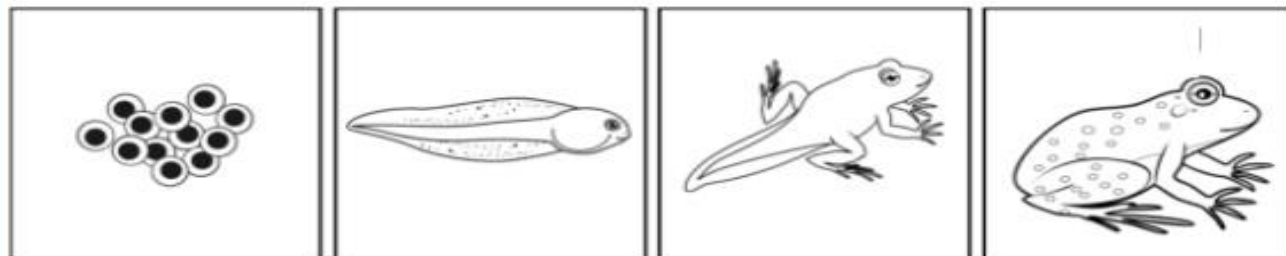

Label the stages of a human's life cycle.

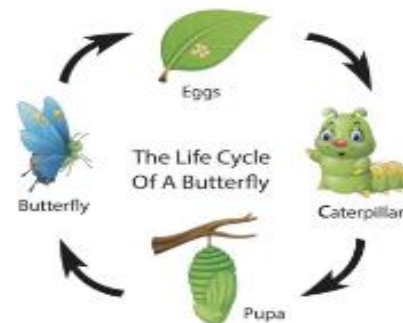

Label the stages of a chicken's life cycle.

Label the stages of a frog's life cycle.

Sequence the order of a butterfly's life cycle.

1. _____

2. _____

3. _____

4. _____

Rocket Words

life cycle	a diagram showing the changes in the life of a living thing
foetus	a baby growing inside its mother's womb
womb	area of the mother's body where the foetus grows
offspring	the child, or young, of an animal or plant
